Next Co-op Meeting November 6th

Our next monthly Co-op meeting is November 6th, monday evening 7:30pm at the Bramble House at 209 Templeton. Anyone interested in helping us organize as a co-op is welcome to join us.

Brownsville Co-op receives \$5,000 donation?

We received a phone call from a legitimate investment firm in Eugene informing us that an anonymous donor would like to give us \$5000. It will take a week or so to make the transfer to our bank account. When received, this could significantly accelerate our rate of growth.

Buyers Club order deadline is November 14th

Our third monthly Buyers Club order needs to be made by 4:00 pm on November 14th. Delivery is on monday the 20th. Azure Standard offers a wide selection of health foods, and other household items. If you haven't registered at the Azure Standard site, you'll need to get the registration information from our buyers page at brownsvillecoop.com/buyers. The actual low prices don't show up till you sign in to the azure standard site.

Farmers Market Vendor Meeting is productive

We had a Farmers Market Vendors meeting on November 4th. A lot of good ideas were voiced on how to improve upon our successful first season. A follow-up vendors meeting will be held in mid January. Minutes from this meeting will be published in the near future.

Last month for Co-op Logo Contest

November is the last month to submit your logo designs to our Logo Contest. We seem to have a good selection of taglines submitted, but could still use a few more logo design choices. Check out our logo contest page at <http://www.brownsvillecoop.com/coop/logo/>
