

Co-op Represented in the Festival of the Trees

Drop by the Pioneer Market today through Saturday to observe, vote on and bid on a beautiful Christmas tree decorated by a variety of local Brownsville organizations. Members of the Co-op have put together a nice one for us. Proceeds go to Sharing Hands. Thanks to Cheryl, Patti, Joni, Mandy, Nan, Sue, Brent, Sharon and everyone else who helped to make this happen. A great new Brownsville tradition.

One Step Closer ...

Some may say we are putting the cart before the horse, but this is the 21st century and Don, Anne, and Steve have put the carts in their pickup trucks and delivered them to Don's Garage. Shopping carts that is...14 of them, donated from our friends at the First Alternative Co-op in Corvallis. We got a bunch of shelves too. Could this mean that a store is not far behind...? Probably not real soon, but we're going to be that much more ready for it.

Buyers Club order deadline is December 13th

Get your Azure Standard order in by 4:00 pm on the 13th for a December 18th delivery. Stock up now for that big Christmas dinner and save yourself a bundle. You might even find some Christmas gift ideas there....? If you haven't made an order before, check out brownsvillecoop.com/buyers for details.

Computer workstation going in at Randy's Main St. Coffee

We plan to have an Internet connected workstation installed at Randy's next week. So when the library is not open, those without Internet access can come in and make their Azure Standard order, read their email, or whatever. We're getting the wireless connection from the City. The computer is from Steve.

Logo Contest Voting is now going on

Co-op members will be receiving their ballots soon via email for the selection of our new logo and tagline. They should be returned by the end of the year.
