### **Azure Standard Order Deadline is February 14th**

4:00 pm on Sunday is the deadline for ordering food and stuff through Azure Standard. Details for getting started with an order can be found at [brownsvillecoop.com/buyers](http://brownsvillecoop.com/buyers)

### **Parks Committee needs new members**

If you live within the city limits and would like to have a voice in how the parks are maintained and developed, contact Carla Gerber at 466-5082 and tell her you're interested in being on the Parks Committee. At least 3 positions are open (out of 7). It would be great if we had some advocates for the Community Gardens on the committee.

### **Community Gardens Agreement moving forward**

Anne and Steve met with Carla and Eric Gerber and worked out the changes we need to finalize the lease agreement between them and the City of Brownsville. We hope to have the revised lease submitted to the council at the next council meeting on the 20th.

### **Timeline for getting our organization act together**
